

Appendix B

The Pattern at a Glance

Scale	Form / Structure	Breath / Life	Result
Creation	God forms man from dust	God breathes into him	Man becomes a living being
Restoration	Ezekiel speaks to bones	Breath enters from four winds	The dead stand
New Birth	Born of water (obedient response to the word)	Born of the Spirit	Enters the kingdom
Conversion	Word preached, hearers baptized	Gift of Holy Spirit received	New life
Worship	Truth (John 17:17)	Spirit	True worshipers
Church Born	Word preached (Acts 2)	Spirit falls (rushing wind)	3,000 come to life
Death	Word absent (Prov 29:18)	Spirit withdrawn (Ps 104:29)	Dry bones

God brings dead things to life by two means — His word and His Spirit. Both are required. The word provides structure. The Spirit provides life. Together — and only together — they produce what neither can produce alone.
